Residents want fish farm in Cherry Lake

A petition urging Altona Council to recon-
sider the idea of stocking Cherry Lake with fish,
has been signed by 22 Altona residents.

The petition, received by the council last week, follows
council's decision in July, to abandon the idea. Council acted
on the advice of three authorities who said Cherry Lake was
too shallow for the effective farming of fish.

Fisheries and Wildlife
experts argued that the
fish would die in summer
due to the temperature of
the shallow water.

Another authority told
council that with the
lake's greatest depth be-
ing only 3 ft. 1 in. it was
dubious whether fish
would swim close enough
to the lake's edges to be
caught by anglers.

A resident who obtained
an independent analysis of
the lake water was advised
by State Laboratories
staff that fish could live in
the lake, but only to a
certain age.

In the petition to coun-
cil, the residents said they
could see no harm in a
trial experiment.

But if the experiment
fails, council is faced with
the responsibility of hav-
ing to remove the fish
from the lake.

No objection

Council was told in
June that the Board of
Works had no objection to
the proposal providing the
council accepted full re-
sponsibility for it, includ-
ing the removal of the fish
if the project was a fail-
ure.

The Board also laid the
condition that council
would be required to pro-
vide and police "No Fish-
ing" signs around the lake
if the project proved to
be undesirable.

The petitioning residents
told the council they had
followed with interest cor-
respondence on the matter.

But they suggested that
as they were aware of fish
living in the lake at Re-
servoir and the stocking of
Twin Lakes with fish, no
harm could eventuate
from such an experiment.

The residents said if
the experiment succeeded
the possibilities would be
enormous, such as annual
fishing competitions.

The remainder of the
petition read "we feel sure
the youth of Altona would
appreciate such an effort,
not to mention the dads in
the area."

"We commend council
for the beautification
around the lake and look
forward to the time when
council will be able to

continue with this excel-
lent project."

On the recommendation
of Cr. W. L. J. Crofts, the
council deferred discussion
of the petition to its next
general purposes commit-
tee meeting.

OFFICE BREAK

Thieves last week broke
into Plasticcoat in Cham-
bers Road, North Altona.
They entered the firm's
office by forcing window
latches.

The robbers escaped
with \$75. Footscray detec-
tives are investigating.

More thefts Three shops, bedroom ransacked

Breakings have occurred at three
shops and a house in Altona since the
Star went to press last week with a re-
port of three house breakings and two
larcenies of clothing from washing
lines.

The house breaking,
the fourth in 10 days,
occurred early last
week, when thieves en-
tered the home of Mr.
and Mrs. Rodney Allen
in Dendulk Avenue and
ransacked a bedroom to
steal \$110 worth of
valuables.

The house was enter-
ed between 8 a.m. and
6.15 p.m.

It is believed that the
thieves found a hidden
key, as there were no
signs of forced entry.

Stolen were a lady's
Timex gold watch, a
Kodak instamatic cam-
era, a gold wedding
ring, a solitaire dia-
mond ring, a cigarette
lighter and \$2 in cash.

Two dogs were in the
house, but the normally
savage animals did not
stop the trespassers.

The shop breakings
started last Friday

when thieves broke into
the milk bar of Mr.
John Bond of The Es-
planade and stole \$120
worth of cigarettes, to-
bacco, sweets and
transistor batteries.

Also taken was a
transistor radio.

The breaking oc-
curred between 8 p.m.
on Friday and 8.30 a.m.
on Saturday.

The thieves gained
entry by breaking the
glass on a side door.

Another shop hit on
Friday night was a
clothing shop in Sussex
Street.

Mrs. Kathleen Cro-
cker, of Sussex Street,
reported to Altona Po-
lice that thieves broke
into her shop between
5.35 p.m. on Friday and
4.30 a.m. on Saturday
and stole 20 t-shirts, a
track suit and six pairs
of jeans.

The thieves broke a
hole in the shop door
and the property was
removed through it.

The third shop hit by
breakers was the Rail-
way Street fish and
chip shop.

Thieves broke into it
after 8.20 p.m. on
Saturday night and
stole \$61 worth of Dina
Sims, Chiko Rolls,
Tarax Cola and pickled
onions.

Mr. Steven Kaskakis
discovered the theft
when he went to his
shop at 11 a.m. on Sun-
day.

The offenders had
thrown chips, fish,
onions and sauces all
over the floor of the
shop. The thieves enter-
ed the shop by break-
ing a rear window with
a claw hammer.

Radio can be won in hospital walk

A transistor radio will be presented to the child, under 16, who
raises the largest sum of money from sponsors of the Altona Hos-
pital Walkathon on Sunday, December 5.

Scheduled to start at
2.00 p.m. the five-mile
walkathon will be con-
ducted by the Combined
Service Clubs Hospital Ap-
peals Committee.

Funds raised will be
used to provide furnish-
ings and modern equip-
ment for the Altona
Hospital extensions on
which work began last
week.

Children and others in-
terested in taking part in
the walkathon should con-
tact staff at the hospital
by telephoning 398 2910
between 9 a.m. and 5 p.m.
from Monday to Friday.

The first stage of the
hospital extension work is
a delivery suite in the area

which was formerly the
doctors' car park. It will
contain two birth rooms,
preparation and change
rooms, a nursery isolation
room, feed preparation
area and a general nursery
with a much improved
viewing area for visitors.

The second stage will be
enlargement of the oper-
ating theatre to take over
the former birth room,
provision of a preparation
room and a larger steri-
liser, which has become
essential with the steadily
increasing number of
operations.

Finally, more office
space, work and storage
rooms will be provided

within the existing build-
ings when the nursery is
vacated. Improved ventila-
tion and working area is
also planned for the kitch-
en.

The project is designed
to cause minimum inter-
ruption to the Hospital's
activities as each stage
will be completed fully be-
fore the next commences.
Midwifery patients will
continue to be accepted as
usual but it will be neces-
sary to restrict the num-
ber of operations at
certain times. The delivery
suite is expected to be
completed in April and the
remaining work by July
next year.

Assault charge led to prison

An Altona man was sentenced in Footscray Court last Thursday to two months' imprisonment, after being convicted of assaulting and kicking another man in a toilet of a Yarraville hotel.

Peter Ernest Miller of Almond Avenue, Brooklyn, pleaded not guilty to charges of assault by kicking and unlawful assault.

Cr. W. L. J. Crofts surrounded by a group of children at the Ronald Avenue Kindergarten fancy dress parade.
—Photographer, Ken Roper 314 5360.

Mr. Philip Mayall, a car park attendant of Darling Street, Footscray said he was having a drink in the Club Hotel, Yarraville, with the complainant, Mr. William John Evans, when a fight broke out near pool tables.

He said the fight stopped after several heavy blows and kicks had been landed, then the accused and one other man went to leave the hotel.

Mr. Mayall said as Miller went to leave the hotel, he turned to Mr. Evans and told him to go outside and fight as well, or words to that effect.

Mr. Mayall replied that Mr. Evans told Miller not to be foolish and then went to the toilet while he (Mayall) prepared a billiard table.

Bleeding

He said Miller did not return for some time and going outside to investigate, he found his friend bleeding and bruised.

Mr. Evans, of Stevenson

Street, Spotswood, told the court that as he went to the toilet, he noticed it was occupied by two other men.

One of the men was Miller, who struck him several times until he fell into the urinal.

Mr. Evans said Miller then kicked him until a voice called out — "don't kick him any more."

The police then arrived and took a statement from him.

Under cross examination he agreed that when the police arrived he said "nothing" was going on and he denied knowing Miller.

He agreed that Miller fell on top of him during the incident but denied he had told the accused he should "get his hair cut and wake his ideas up."

He said he was 50 years of age and smaller than Miller, and felt that in the circumstances prudence would be the better part of valor.

Mr. Evans said he had resented Miller's earlier

statements but taking into account the accused's size, he felt any physical action on his part would be unwise.

Senior Constable Jack Evans, of Williamstown Police, said he had a conversation with the defendant who refused to make any statement.

Insulted

Sen. Const. Evans said Miller had not denied kicking Mr. Evans.

Miller told the court he had been insulted by Mr. Evans in the hotel and the complainant had pushed him while in the toilet.

He said he retaliated only after being pushed.

Unreal

Convicting Miller, Mr. J. Aitken, SM, said he felt it significant that the accused had denied none of his actions to Sen. Const. Evans.

He felt the possibility of a 50-year-old man hitting

a younger large man was unreal.

He said he was satisfied on both counts that the charges had been proven.

Mr. Aitken said it was quite a serious assault by a younger bigger man on someone twice his age.

He sentenced Miller to two months jail and ordered he pay \$15.60 costs.

A vehicle for worry?

A North Altona man, booked by Altona's Traffic Officer, Mr. J. Hansen, for parking his car on a footway, recently told Altona Council that his vehicle had been stolen twice, run into twice and plastered with paint three times.

In a letter to council, Mr. C. Angelakis of Ross Road, Altona North asked that leniency be shown in his case.

Mr. Angelakis said he ran a business in Ross Rd. and had a lot of trouble parking his car because mud prevented him driving it along a back lane.

He said he had no backyard in which to park the car and that the Mayor of Altona, Cr. E. Lynch, had looked at the lane.

Mr. Angelakis said because of all that had happened to his car he wanted it parked handy to his shop.

He slept over the shop

at night and wanted to be able to hear if anyone was at it.

He said if council saw fit to make a proper road enabling him to drive his car to the back of the shop, he would do so.

Following a report to the general purposes committee meeting by traffic officer, Mr. J. Hansen, that he had previously placed a warning sticker on the vehicle and verbally warned Mr. Angelakis that parking on a nature strip was an offence, Cr. R. Richards successfully moved that the request for leniency be denied.

Council acts on odors complaints

Altona Council will serve a 'show cause' notice on Omega Chemicals Pty. Ltd., of Paw Paw Road, Brooklyn, following an alleged emission of odors from the plant on September 15.

At last week's council meeting, Cr. D. Grant successfully moved that the notice be served, following advice from council's legal advisors.

The notice required Omega Chemicals to abate the odors and cease emittance, to the written satisfaction of the Commission of Public Health.

Kindergarten directors appointed

Altona Council has appointed two new directors for its kindergartens at Ronald Avenue and Somers Pde.

The appointments of Mrs. S. M. Ryan (Ronald Avenue) and Miss V. Antworth (Somers Parade) will take effect from February 1, next year.

HELLO GIRLS. Have you made plans toward your summertime holiday?

Planning your clothes — what about your skin care programme? You know what you will be doing while you're away — tearing here, rushing off there, late nights.

No need to neglect your skin — as long as you use three Demi Face Care preparations.

1. Pre-makeup
2. Makeup remover
3. Pre-sleep.

Start your day a little bit better by giving your face a glorious come alive feeling.

It gives the skin a light but thorough cleansing.

You may not need Demi Moisture Primer — an under-makeup base for normal or dry skin.

Or an oily skin may be happier soaking up excess oil with Demi Oil Blotter.

Your makeup can be removed with Demi Stuffing Cleanser.

Before bed time have a bubbly face freshener with Demi Active Face Rinse.

Dry to normal skins can use Demi Moistening Stick — an oily skin needs Demi Oil Controlling Stick.

The idea is, no more bottles, jars, messy creams to carry, to break, No sticky fingers, no waste. You will have your preparations in stick or roll-on form.

Demi Face Care Collection comes in plastic containers that roll or glide on just the right amount.

Hope you haven't left it too late girls — you must have read our Christmas Gift Bonanza leaflet.

Gifts for all your friends — get them this week.

Bye.

Publicity 'both good and bad'

Altona councillors have been both happy and annoyed with publicity given to Altona during the past month.

At its recent meeting, council agreed to write to the editor of the 'Financial Review', praising the newspaper's recent article on the progress of Altona Petrochemical Co. Ltd.

Concern over accidents

Recent accidents at the intersections of access ways of the Lower Yarra Freeway and Millers Road, have prompted Altona Council to write to the Country Roads Board.

Reporting to council last week, Cr. W. Sommers said a series of accidents had occurred, causing extensive damage to a light pole, and a heavy hand rail.

Cr. Sommers said speeding and failure to give way to the right appeared to be the major causes of the accidents.

Three fences in the area had been knocked down by vehicles.

Cr. Sommers successfully moved that council write to the Country Roads Board drawing its attention to the accidents and inviting board representative to discuss the matter with council.

But later at the same meeting council was divided on what action it should take following a Sunday newspaper article which claimed that Altona and other bayside beaches were badly polluted.

Most annoyed over the article was Cr. Doug Grant, who saw it for the first time at the meeting.

"Such articles only give Altona a bad name," he said.

Cr. Grant moved the Council write to the editor of the newspaper, indicating just how much money council had spent on the beach and in loans to the Board of Works for sewerage.

"This article suggests nothing, but is detrimental to all municipalities around the bay," he said.

Disagreeing with the motion, Cr. W. L. J. Crofts said it would be unwise to write a letter until all the facts pertaining to the article had been collated.

On Cr. Crofts recommendation no motion was passed on the matter.

"After all," said Cr. Crofts. "We were only one of several municipalities attacked in the article and we will be in a better position if we investigate this one fully."

The Altona City Engineer, Mr. Ralph Simmons, has made the following report on Altona Council's contract.

• **Altona Meadows — Private Street Scheme No. 104.** — Excavation of the road bed and spreading of crushed rock for the base course is in progress in Shirley Street. Top soil from Rosebery St. was delivered to tip sites and to the north-west corner of Grant Reserve.

• **Burns Rd. and Harcourt Rd.** — Spreading and consolidation of fine crushed rock in Harcourt Rd. is nearing completion and is in progress in Burns Rd.

• **Princes Highway Service Road.** — Excavation of the road bed for the 1800 ft. length of service roadway west of Myer bulk store was completed and crushed rock for the base course was spread. The laying of 48 in. x 24 in. box culvert sections to comprise the four-cell culvert structure at Cherry Drain was completed. Construction of wing walls at the ends of the structure is in progress.

• **Queen St. — Widening and Reconstruction.** — The laying of an underground drain from the Truganina swamp outlet

channel westerly towards Victoria St. was continued.

• **Toilet block for Bor-rack Sq.** — The floor of the toilet block in McArthur's Rd. and the area around the building was concreted. Filling of plumbing fittings is practically completed.

• **Altona Youth Club Building.** — A plan of a suggested storeroom at the north-east corner of the youth club building in Grant Reserve will be tabled. An area of approximately three squares is involved. The estimated cost is \$4000. An amount of \$2500 from loan funds will be provided this year and it is understood that the Altona Youth Club committee can make available an amount of \$1500.

HARDWARE HELP

Hardware today is the branch of retailing that supplies the largest variety to the purchaser.

The modern hardware store will supply anything from a mantle for an old-fashioned gas light to an ultra modern variable speed electric drill.

Your local hardware store can be a fountain of helpful knowledge for the home handyman or professional gardener as the wide range of fertilisers, insect and weed killers offer a never before ability to make the garden a showplace of the home.

Lawns form much of the garden in a modern home and the variety of lawn seeds now available allows the home-owner to tailor his lawn to the use he intends for it.

Grass seeds are now blended to give you, on request, the most child-proof lawn to the finest of

English lawns and almost any variety in between.

The local hardware man has — besides these seeds — many tools needed to maintain the lawn in its prime.

These items range from sprinklers through to rakes and fertiliser spreaders. Selections of hand and power mowers are made easier by the experience and know-how of hardware staff.

The home handyman is more catered for than ever before as more and more tools and accessories come on to the market to enable him to achieve the professional finish to his work.

Only at hardware stores are these tools backed by experience and knowledge of their use to enable a

more educated choice of what would be suitable for your needs and pocket.

Industry draws on the hardware retailer as well as in its ever expanding need for quick, experienced assistance in its maintenance and constructional needs.

Your local hardware man has information on modern paints and many other aids that are called on in industry to maintain its continuing high standard.

Industry and the home owner are both very aware of the almost daily reports of 'breaking and entering' here again your hardware store is to the forefront supplying the many needs to make your home or factory more secure.

The modern 'dead lock' which is available in many forms supplies a nearly foolproof method of stopping the would be thief from entering, as without the key it cannot be

opened from either side, so preventing access to your valuables.

The deadlock can be purchased as a padlock or as a doorlock for either sliding or swinging doors.

Lighting also provides security for your home and factory as floodlighting creates an attractive appearance and is a great deterrent to any would-be thief. Advice and equipment for this are available from your hardware man.

It may have seemed so far that the hardware store is strictly a male province, but don't lose sight of the fact that the hardware store is the home of crockery and gift ware from all over the world to suit all tastes.

The woman gardener will also find tools tailored to her needs, in almost any hardware store.

Painting tips

Thinking of painting your house over Christmas? — Read on.

The Star has prepared a special article for the home handy man.

Preparation is most important, because without the correct preparation, no matter how good the finish coats appear to be, you will have a poor job which will not last.

The best method of redecoration is explained below.

First step: Remove all loose flaking paint and sand existing gloss to obtain a flat finish for a good key for subsequent coats. This can be obtained by using an M2 grade glasspaper.

Second step: Spot prime bare timber areas with a top quality Pink primer. Allow overnight to dry and then sand smooth.

Third step: Fill all nail holes, cracks, and any other surface imperfections with a linseed oil putty. Allow to dry and sand smooth.

Fourth step: Undercoat areas which have been primed and filled. Allow

overnight to dry and then sand smooth.

Fifth step: Finally apply two (2) coats of top quality exterior finish. Allow overnight to dry between coats. It is advisable to sand between these coats.

Recommended exterior finish oil-based types Bergermaster, British Paints.

Exterior finish Supalusta.

Exterior finish water-based types Berger Brisk, British Paints, Four Seasons.

To obtain best results and for your hard work to last it is advisable to use top quality products.

Cheaper priced paints will not last only lead to extra work in a shorter time.

IMPORTANT: Be sure to dust after sanding. Do not paint in wet or damp conditions. Work from top to bottom.

The author, Frank Smith, manager of Colorbrush Paint Store, Altona, is fully qualified to advise on all aspects of painting and wallpapering.

He can advise on color, on the correct preparation and type of undercoat, also modern stain finishes and can assist with selection of wallpaper from our range of over 2000 patterns.

Ask for Mr. Frank Smith next time you're decorating.

'TIME TO DEVELOP RECREATION LAND'

The time had arrived to develop an area of land near Westgate Golf Club's nine-hole course for recreation purposes, Mr. A. W. Knight, MLC (Labor, Melbourne West), said.

Mr. Knight said the golf club proposed to extend the course to 18 holes.

He had previously suggested that a subway be constructed under the railway line.

This would mean the second nine holes could be developed on the other side of the line from the existing course.

It may be necessary for

officers of the Soil Conservation to be consulted about the treatment of the banks of Stony Creek, Mr. Knight said.

It was likely this would be needed to prevent ero-

sion before developing the area.

"The time has arrived when the area should be developed to provide recreational facilities for the residents," Mr. Knight said.

Gymnasium display by girls' club

Altona Girls' Gymnasium's annual display night was held at Williamstown Town Hall.

Awards were presented to:

Babies — Deidre Booth 1, Julie Ford 2, Michelle Finke 3; most improved Carol Hartley, Cheryl Neilson.

Sub-juniors — Karen Graham 1, Robin Trickey and Susan Daley 2, Louise Fowler 3, most improved Jennifer Knell.

Juniors — Joanne Booth 1, Susan Kesner 2, Patricia Lorini 3, honorable mention Susan Rivett, most improved Therese Clarke, Sharon Wittis.

Intermediate — Kerrie Watson 1, Susan Graham 2, Jillian Dobbie, Vicki Musika 3.

Members of the club are trained by Mrs. Gwen Graham and their pianiste is Mrs. B. Dobbie.

The group presented their show to Williams-

Club last Friday.

The annual meeting will be at the Presbyterian Church Hall, Civic Parade, Altona, at 2 p.m. on November 20 and the Christmas breakup will be in the same hall on November 27, at 2 p.m.

Alsations ran loose

Three stray Alsations were amongst the 28 dogs seized and impounded last month by the city ranger, Mr. R. Heyen.

In his report to council last week, Mr. Heyen said that during October, 26 dogs had been registered and two horses had been seized, impounded and later returned to their owners.

He reported that 19 homes had been called on.

Combining to beat a weight problem

By Sue Gavaghan

There are a lot of overweight women wadling around the western suburbs.

I am one of them.

But the accusation is that my tiny surplus of two stone should be no problem.

And that I am most definitely letting down the side by hanging on to it.

Most of the finger is being pointed these days by the president of the newly formed Altona branch of T.O.W.N. — Take Off Weight Naturally — Mrs. Helen Czere-niawski.

Helen says that I have no excuse. I know what shouldn't pass through my mouth — potatoes, bread, cakes, coke.

Which beside, copy paper, typewriter, pens and clags are the things which normally plug up my desk.

T.O.W.N. is a sort of group therapy organisation for overweight people — many are as much as 23 stone.

Limited

Altona's group will have a top of 35 members with room for 10 emergency cases.

Helen, who has transferred from Kingsville T.O.W.N. to form Altona has about 20 members for the first meeting at 7.30 p.m. tomorrow.

Twelve have trans-

ferred from Kingsville, several have heard from the three clinics in the area, some have been recommended by doctors.

Helen says: "Doctors are rapt in the organisation which helps you lose weight without drugs."

"People who have had a serious weight problem for years, whom doctors have been unable to help, have been helped by branches of T.O.W.N. Eagle.

Weigh-in

Basically what happens at T.O.W.N. meetings is that members meet for a grand weigh-in.

Losses and gains are charted at weekly meetings against each member's medically recommended weight. All members get a certificate from their doctor within four weeks of joining.

The top weight loser each week gets a dollar which she has to return the following week if she gains again.

A Queen is chosen

once a month as top weight loser and special graduation ceremonies are held for those who drop to the required weight and maintain it for six weeks.

After this members can either leave the club or stay and assist others and enjoy the club atmosphere.

At meetings most members wear medals and blue ribbons to indicate their progress.

'Sheepish'

The sheepish looking ones with the red ribbons have put on weight.

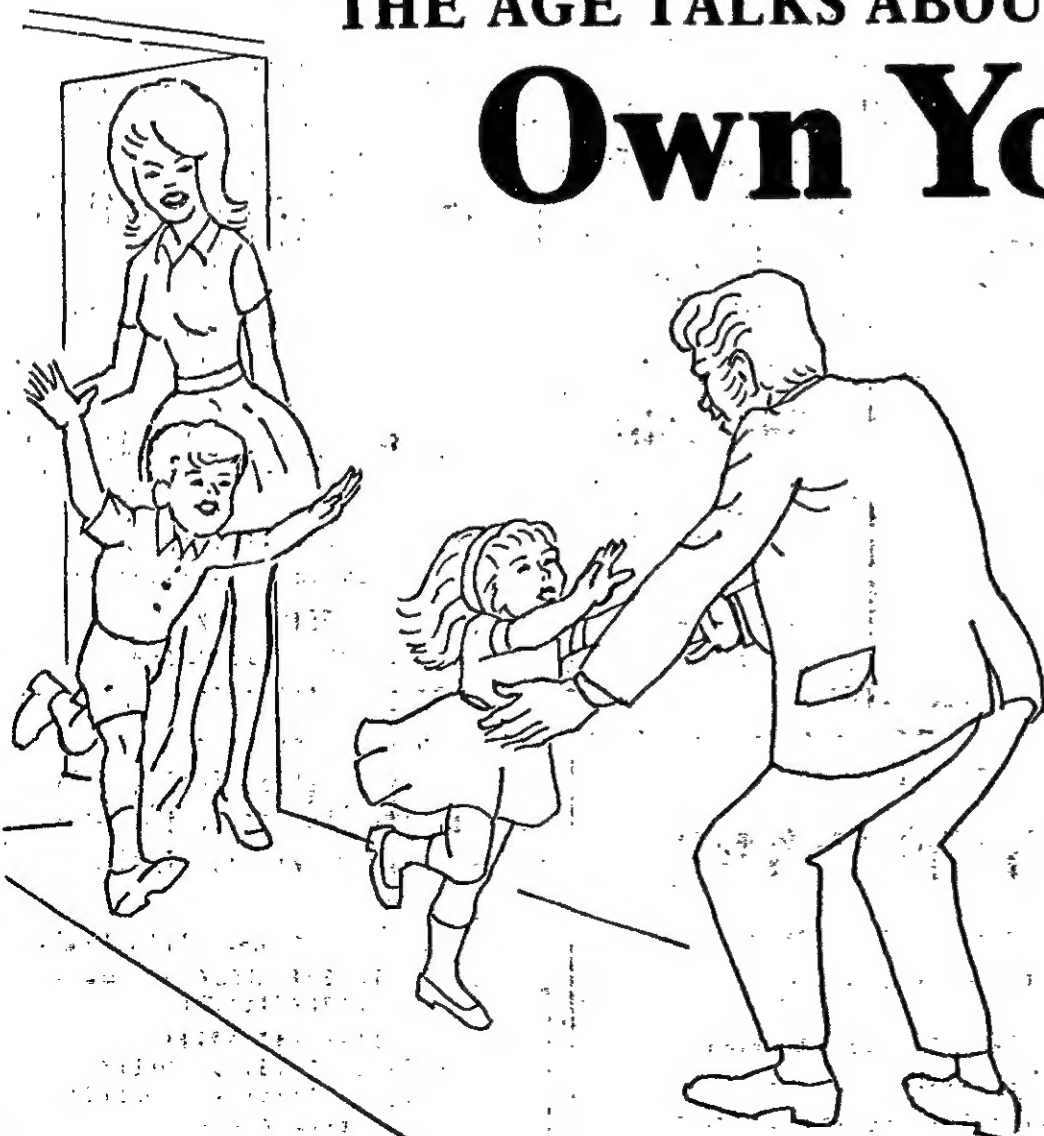

And as Helen says, this is the whole point, members who stay at a level or gain weight feel like a real heel.

The incentive is there particularly as weights, losses and gains are read out at meetings.

For those interested in getting rid of surplus tonnage, meetings are to be held once a week at 7.30 p.m., in the Presbyterian Church Hall, Paringa Road, Altona North.

Newport in trouble

Electing to bat on a lively green top wicket against last season's premiers Flemington-Kensington, the locals were in dire trouble with the scoreboard showing three for four.

FIRST XI

A splendid innings of 30 from Kev. McKusker well supported by Geoff Colvin 23. K. Waters 14, Tom Russell, 14 and H. de Vos 11 pulled the innings around but when the last wicket fell after tea the tally was a modest 98.

The opposition were confident of gaining first innings points overnight, but devastating bowling from openers Steve Reiger 4 for 17, Tom Russell 3 for 22 and J. Fowler 1 for 4 had the opposition tottering at 8 for 44 at stumps in a brilliant fight back.

The bowlers received good support from the fieldsmen and several sharp catches were snatched up as Newport finished the day in a match winning position.

SECOND XI

Newport never recovered from 5 for 28 to be all out for 89 with Bill Stevenson dominating the innings with a very well compiled 45.

The value of his innings can be gauged by the fact that next top score made seven.

Flemington-Kensington fared little better and finished with a shaky 6 for 62 at stumps leaving the stage set for an outright decision.

Dick Roberts continued his good form with the ball to capture 4 for 21 well supported by G. Clark 1 for 21 and W. Stevenson 1 for 5.

Unlike the seniors, the seconds did not field well and grussed several vital chances.

CLUB XI

Newport's batsmen were in dashing form with the willow as they rattled up 6 dec. for 214 in the match against Power House.

Young Ricky Carrington put together 63 well made runs as did Don Gregory with skipper

Altona needs early blood

Altona's total of 118 does not seem to be enough to beat Brunswick United, which was 2/68 at stumps.

Altona lost the toss and were sent in to bat on a good strip.

Thomas and Hughes gave the side a good start and added 30 before Hughes was caught for 12. Hansen joined Thomas and a further 15 were added before Hansen was out caught.

The opposition tightened up and Page and Merrills were dismissed with the score at 56.

Wayne Patton, playing his first A grade match, batted well until mistiming a ball and being caught for 14.

Forrester and McLeod then took the score to 82.

Forrester was trapped lbw for 11, but McLeod having his first innings with the club after three years' absence, showed tremendous fight.

He and McCullagh added 16 runs for the eighth wicket.

When Michael and Dare had been dismissed, McLeod remained 29 not out.

Brunswick United went in to bat with 90 minutes play left and their openers started confidently.

Hansen broke through for two valuable wickets, but Brunswick hit out strongly in the half hour before stumps and their score of 2/68 places them in a match-winning position.

Altona's B grade side have already taken the first innings points and look set for an outright against Hakoah-Ajax.

A magnificent bowling display by Neville Healey is the main reason for Altona's strong position.

He finished with 8/26. Hakoah-Ajax were almost immediately in trouble and at one stage had lost 3/10.

They recovered slightly to make a meagre 74.

Altona batted brightly in a bid to overhaul their opponents by stumps.

They achieved this due to a fine 44 from Duckett. At stumps they were

3/76, with Oram 19 not out.

Altona's C grade side is also in a position to win outright, having dismissed Middle Park for 93 and reached 2/83 in reply.

Altona won the toss and sent Middle Park in to bat on a rain-affected wicket.

Frank Kirk, playing his 100th game with Altona, struck the first blow to have the opposition 1/2.

He finished with 2/33. The wickets fell steadily, with the chief destroyer being Graeme Hosken (5/25).

Altona was anxious to chase runs and started their innings sensationally when Jim Joyce and Rod Allen were dismissed without a score on the board.

But Frank Kirk and Roy Evans came together in a partnership that was to remain undefeated at stumps.

Altona was only 10 runs short of first innings victory, with Evans on 56 and Kirk 26.

Our Little Athletes will be seeking sponsors for their Relayathon held to raise money for a new intensive care ward at the Children's Hospital.

The Relayathon will begin next Saturday, November 20 at the Grant Reserve starting at 6 a.m. and will continue for six hours.

The Mayor of Altona, Cr. P. J. Lynch JP will arrive for the closing of the Relayathon at noon.

A number of local firms have already given donations towards the Relayathon.

More details are available on the sponsorship forms the children have or from Mrs. G. Knell, 398 1336.

The Altona Centre is hoping to better 130 kilometres (1 kilometre is 5/8 of a mile) and so set the new world record.

The mornings' programme of the usual Little Athletics events will be held from 10 a.m. to 12 noon.

As many parents as possible are asked to help with the events and Relayathon.

The Little Athletic Zone Relays will be held at Corio next Sunday, November 21 at 1.30 p.m.

Six more records were made at the Little Athletics.

Boys Under 10: 800 metres — A. Dyball (W) 2.10.4; Prev. Record, 2.43 secs.

Boys Under 10: 200 metres — S. F. Smith (W) 30.2 sec.; Prev. Record 30.9 secs.

Girls Under 9: Triple Jump — S. Curran (SM) 9.67 metres; Prev. Record 7.28 metres. Under 10 400 metres — A. Thompson (AN) 1.14.8 sec.; Prev. Record 1.16.5 secs. Under 11, 70 metres — C. Cheswright (AN) 10.6 sec.; Prev. Record 10.9 secs.

Under 12, High Jump — L. Forbes (A) 1.23 metres; Prev. Record 1.21 metres. Altona Club is on duty roster for next week.

Future events: Altona meets Dandenong on November 28, at 12.30 p.m.

The Relay Finals will be held at Olympic Park on December 5 at 12.45 p.m. and Altona will meet Werribee on December 12 at the Altona Ground at 1.30 p.m.

In your time— — A GUIDE TO LEISURE

By Peter Vaughan

Two records recently released show just what sort of talent abounds in the song-writer singer field.

"LEON RUSSELL and SHELTER PEOPLE" and "CAROLE KING'S TAPESTRY" (Both available from the ARCADE MUSIC CENTRE, BEASLEY ARCADE, WERRIBEE) are LP's which feature heavily works of the lead artists.

Leon Russell wrote 8 of the 11 tracks on this album and all of them possess that pulsating rhythmic beat so freely associated with the "Master of Space and Time."

Russell, the second-in-command of Joe Cocker's Mad Dogs really makes compelling listening whether it be his gravelly like voice, honky-tonk piano or organ and guitar.

Not that he can't do as well with others compositions because also featured are two Bob Dylan songs and one by George Harrison.

What also makes this album such good listening is the superb production and backing by as many as four groups who ideally complement Russell on both the rocking tracks and the softer numbers.

The original concept of the Shelter People is to allow artists freedom of expression which they could not get with larger companies.

Even if they achieve no more than Russell's efforts it will have been well worth the trouble.

Carole King has been writing good lyrics for quite some time and a lot of her work has been recorded by other singers including numbers from this LP.

A good example is the track "You've got a friend" which was so successful for James Taylor, who incidentally provides part of the backing for many tracks on this record.

And yet up till now Carole King's singing potential has been largely ignored.

This record serves to remedy such a situation and does it with a vengeance.

Whereas Leon Russell's style bombasts the ear Carole King's mood is softer, more mellow and at times meditative.

Not that the lyrics are earth-shattering but they are easy on the ear and lend themselves to pleasant backing.

Quite a number of tracks will of course be instantly recognisable but all of them have potential and many will be taken up by other singers for single release.

There is also little doubt that we shall be hearing a great deal more of Carole King because "Tapestry" has pointed out a real talent both in lyrics and voice and this record is well worth purchasing.

SWAYING ROBS POWER

One of the key reasons that golfers on the pro tour consistently hit the ball so much farther than the average club player is because the touring pro seldom sways. He tries never to slide his body to the right on his backswing, or to allow his head and shoulders to slide to the left on his downswing. He knows that swaying will rob his swing of much of its power.

I think that the average club golfer will add distance—I know he'll become more accurate—if he can avoid swaying.

I suggest you imagine swinging while standing in a barrel, as I am shown doing in the illustration. Try to avoid letting your body hit the sides of the "barrel."
